Subject : Inadequate Hostel facility for students.

Sir,

Through the column of your esteemed newspaper. I would like to highlight the problem of inadequate hostel accommodation for students who come from all over India to study in the various educational institutions and universities in Delhi.

Because of Inadequate hostel facility students have to hire private accommodation. As a result landlords charge exorbitant rents for it. Sometimes they even refuse to rent rooms because of their different food habits and culture. These students face a serious accommodation problem. Which leads disturbance in their studies.

It is suggested that educational authorities should provide more hostel accommodation. Independent student hostels must be created near educational institutions. In hope that the concerned authorities will take speedy action on these suggestions.

Yours sincerely

Raman / Raveena

## Board Paper : Class-X

It also shows the change of mindset of people towards the girl educations, as number of girls that are enrolled in schools and colleges have increased from 10,000 to 16,000 and 6,000 – 10,000.

All of these measures have helped to increase the literacy rate significantly from 3.5 % to 5.5% which is more than half of the female population.

In conclusion we can say that girls are now getting huge support from their families as well as the government. This will contribute in the growth of the country.

- 5B.** The given information indicates the features that may be analysed in the successful establishment of a profitable business for a farm industry. Botanical Bounty needs to establish its reputation as a highly efficient, high potency medicinal herb grower and one effective and inexpensive way to do that would be to lean on loyal customer testimonial in the company's marketing strategy.

Botanical Bounty also needs to establish a strong sales channel with herbal supplement manufacturers and should invest plenty of energy into building those relationships and establishing Botanical Bounty as a reliable vendor.
